WHOLE COUNTRY EXCITED.

People of Nicaragua Demand Reparation From Honduras.

Managua, Nicaragua, Feb. 18.—The people of Nicaragua demand reparation from the government of Honduras for the invasion of their territory by Honduran troops and have offered financial aid for a conflict with Honduras. The whole country is excited.

Bad Fire in a Warehouse.

El Paso, Tex., Feb. 18.—The supply warehouse of the Arizona Copper company at Clifton caught fire from spontaneous combustion and the contents, valued at \$100,000, were heavily damaged.

Morse Buys Steamship Line.

New York, Feb. 18.—The Times says Charles W. Morse bought the New York and Porto Rico steamship line on Saturday just before sailing on the Ward liner Havana for Cuba. The purchase gives to Mr. Morse practical command of the coastwise shipping trade. The Old Dominion and Southern Pacific lines are the only lines he has not now under control.

A Rash Speech.

The Widower—I've always said that if I married again I should choose a girl who is as good as she is beautiful. Miss Willing—Really, this is very sudden, George, but I accept you, of course.—Pick-Me-Up.

## OVER A SCORE DEAD

ELECTRIC EXPRESS TRAIN ON  
THE NEW YORK CENTRAL  
ROAD WRECKED.

LIST OF INJURED VERY LARGE

ONE HUNDRED AND FORTY-FIVE  
PERSONS HURT, SOME OF  
THEM FATALLY.

New York, Feb. 18.—Twenty-two dead, two fatally hurt and 145 others more or less seriously injured, is the result of the wreck of an electric express train on the New York Central railroad at Two Hundred and Fifth street and Webster avenue. Of the large number of injured fifty are, according to hospital and police reports, seriously hurt and the death list may be increased within the next twenty-four hours.

Most of the others are suffering from lacerations or shock and will recover.

Following is a complete and revised list of the dead:

Mrs. Florence Brady, Miss Linle Ewell, Myron E. Evans, Mrs. Katherine K. Farrand, Miss Jessie M. Jubin, Mrs. Mary Kinch, Clara L. Hudson, Minneapolis; Mrs. Annie H. McLean, Miss Annie Moorhead, E. L. Page, Cornelius Kelly, Robert J. Roseborough, Julia W. Storm, Mrs. Isaac L. Webster, Miss Bessie See, Miss Annie Slisvoni, Mary Beale, Mrs. Dorothy W. Perrin, Mrs. E. F. Newcomb, Margaret Hahoney and an unidentified girl, about sixteen years of age.

All of the dead, with the exception of Miss Hudson of Minneapolis, resided in New York state.

It was a day of investigation and inquiry by representatives of the district attorney's office, the coroner and the police. When daybreak came the police lists of dead had increased to eighteen, an hour afterward there were two more deaths reported and it is believed two additions will be added to the list.

Cause of Wreck a Mystery.

The cause of the wreck is still a matter of speculation. All night Inspector Fox of the police department, Coroner Schwannicke and Assistant District Attorney Smythe, together with other members of the district attorney's force, looked over the situation and sought to determine the cause of the derailment of the train. The result of their investigation may become known when the inquest is held by the coroner. The wreckage has been completely cleared away. All four tracks of the New York Central through the rocky cut where the train left the rails and several of the cars went to pieces have been cleared. The track on which the train was running and which was ripped up in the accident has been restored, the third rail replaced and traffic resumed practically under normal conditions.

At the Webster avenue police station late in the day lay eleven mangled bodies, three of them unidentified. One of them was so badly crushed that identification seemed impossible, except through the clothing. All day a stream of people passed through this temporary morgue, many leaving in tears after having found some friend or relative in the growing row. At night the line of persons seeking to identify the remaining bodies continued.

With the clearing of the wreckage interest turned to what the authorities might do. Perhaps the most significant statement of the day was the one made to the Associated Press by Coroner Schwannicke. He had secured a statement from Mortimer Rogers of the wrecked train. In this, according to the coroner, the motorman made the statement that he was running on schedule time when the accident occurred and admitted that the speed of his train was seventy miles

## H. F. MICHAEL Co.

an hour. Rogers, said the coroner, declares that he did not know anything was wrong until an eighth of a mile beyond the place of derailment.

### The Train That Was Wrecked.

The train consisted of a double-header, with one mortman, drawing five coaches. The first was a smoker, the second is described as a power car, though it is commonly designated as a combination baggage and smoker, and the three following were ordinary passenger coaches.

The coroner said to the Associated Press:

"It appears to me that a spreading of the rails caused the disaster. I think that one of the motors hit a section of the track with force enough to cause it to jump off. The smoker followed and swung the cars following completely off the track, breaking the coupling. When the rear cars broke loose they ran wild for a distance and finally turned over."

The smoker showed but little damage, but the other cars gave evidence of the drag along the roadbed. The combination car—called by the coroner the power car—was scorched in the center and on one end, probably having caught fire from the lighting gas after the wreck. The other two cars were badly smashed on their right sides. Windows were gone, seats torn up and curtains ripped in pieces. Great, dirty streaks marked where they had skidded along the bird rail and then upon the ground, and the steps on the right side were torn away.

When the wreck occurred, the three rear coaches, completely filled with passengers, were thrown on their right side just above a sharp curve at Woodlawn road bridge. The shock

was terrific. People were hurled violently from their seats and the most of those who were killed were pitched through the windows as the cars slid on their sides. The third rail held for a time, but finally broke with a flash and a roar seen and heard for a great distance. Between the wreck of the "current" rail and the main track the bodies were wedged. They were held there as the cars passed along and in this way were terribly mangled.

The relic hunter was much in evidence during the day and this probably gave rise to the stories of ghoulish work.

The police guarded the wrecked cars all day, but with daylight a large number of persons managed to work their way to the coaches and cut out pieces of cushions, curtains and carpeting, even taking bits of glass from the broken windows.

Assistant District Attorney Nathan A. Smythe, with two other assistants, continued his inquiries into the wreck with a view to determining whether the circumstances warranted criminal prosecution.

### CHARGED WITH MURDER.

New York Woman Accused of Poisoning Her Mother.

New York, Feb. 18.—Mrs. Lottie Wallau, wife of Leopold Wallau, a well-to-do importer of Bronzes, was arraigned before Coroner Acertelli charged with murder in the first degree in having caused the death of her mother, Mrs. Ida Binge, by the use of poison. She was held without bail to await the inquest, which will open Wednesday.

Mrs. Binge, a wealthy widow who lived with her daughter and the lat-

ter's husband and twenty-year-old son, Alexander, at 68 East Eighteenth street, died on Feb. 6, three weeks after she had undergone an operation for cancer.

Following the receipt of an analysis of the contents of the dead woman's stomach, the coroner directed the arrest of Mrs. Wallau.

It was on the report of Doctors Witthaus and De Gay, who had examined the kidneys and liver of Mrs. Binge, that they had found considerable quantities of bichloride of mercury present, that an information was drawn up by Assistant District Attorney Corrigan on which the warrant charging murder in the first degree was issued.

In the champagne, some of which it is charged had been administered to Mrs. Binge by Mrs. Wallau, Dr. De Gay and Peter Austin, chemist for the board of trade, declared they also found considerable bichloride of mercury.

Elizabeth Devine, a trained nurse, employed by Mrs. Binge, went to the district attorney's office on Feb. 5 and made a statement which brought about an immediate investigation. Mrs. Binge died the following day and subsequently her daughter was placed under \$5,000 bonds to insure her appearance as a witness at the inquest.

### SAYS PRICE IS TOO HIGH.

Jap Paper Discusses San Francisco School Incident.

Tokio, Feb. 18.—The Nichi Nichi, which is looked upon as an authority in diplomatic affairs, discussing the San Francisco school incident, says that the placing of a restriction by the United States on the admission of Japanese immigrants from Hawaii,

which practically seems unavoidable, appears to be too high a price to pay for the solution of the school trouble, which it says is only a side issue.

The whole question, it says, hinges on the admission of laborers, and it suggests the removal of the disability of the Japanese to become naturalized.

If this is effected, the Nichi Nichi thinks that the last source of difficulty between Japan and the United States will cease to exist.

### ORIGINATED FROM EXPLOSION.

Fire Destroys Business Buildings at Allegheny, Pa.

Pittsburg, Feb. 18.—A fire which threatened the destruction of several city blocks in Allegheny, across the Allegheny river from Pittsburg, destroyed five business buildings and three dwelling houses, causing an estimated loss of \$200,000.

Four fire companies were sent to Allegheny from this city to fight the flames, and a number of firemen had narrow escapes from falling walls.

The fire originated from an explosion in the basement of Kenyon's dry goods store and meeting hall, a five-story brick structure, and quickly spread to the other buildings. What caused the explosion is not known.

### Many Students Ill.

St. Paul, Feb. 18.—Conditions at the state farm school, where 150 are suffering from something resembling ptomaine poisoning, are said to be improved. Only twelve new cases were reported, where thirty had been reported the previous day. There were only fifty confined to their beds in the school and none of them was reported to be in a critical condition.

A MOVE to end G. A. R. parades has been started at Cleveland among members of that organization and if successful the annual memorial day parades throughout the country will be abolished. The arguments used are the gradual inroads death had made on the ranks and the increasing feebleness of the veterans.

A NORTH DAKOTA legislator wishes a law enacted preventing newspapers from making any comment on the bills introduced. He argues that the freak legislation is in a measure due to newspaper notoriety and that many members seek to have their names juggled with by the newspaper reporters and they introduce these measures for no other purpose. It will be some time before newspapers cease to comment on proposed legislation, and the better way to head off bills of this kind is to elect sensible men to represent the people.

## THE DEATH OF FRED B. SMALL

Popular Machinist Expired of Pneumonia at the Sanitarium Sunday Morning

FUNERAL WILL BE TOMORROW

Interment will be in Evergreen Cemetery Following Services St. Paul's Church

Fred B. Small, one of the most popular machinists employed at the shops, died at the sanitarium Sunday morning after an illness of ten days with pneumonia. The funeral services will take place at St. Paul's Episcopal church Tuesday afternoon at 2:30 o'clock. The services will be conducted by Rev. Mr. Hanna, rector of the Episcopal church at Little Falls.

Mr. Small leaves six sisters, one brother and a host of friends to mourn his untimely death. They are Mrs. J. R. Westfall, of Bozeman, Mont., Mrs. Colin Clark, of Youngstown, Ohio, Mrs. F. A. Farrar and Misses Clara, Winnifred and Mary Small all of Brainerd, and John W. Small, of Tucson, Ariz. He was an exemplary young man and one who had a large circle of friends in this city. He was born in Chatham, Ont., Oct. 30, 1880 and came to Brainerd in July, 1888, and learned the machinists trade in the Northern Pacific shops in this city and worked in several places on the system. He also spent two years in Alaska where he had valuable mining interests at the time of his death. He was one of the owners of the steamboat Sea Gull, on board which he spent much time every summer. Last year fitted up a house boat.

Mr. Small was a member of the International Association of Machinists, of the Knights of the Maccabees and of the Mississippi Launch club. He had taken his first, or entered apprentice degree in Masonry and was to have taken his fellowcraft degree Saturday evening, February 9, but was taken sick two days before. The bereaved sisters have the heartfelt sympathy of all in their bereavement.

## STRAY LEAVES

From a Reporter's Note Book.

Reports from the woods are to the effect that the recent warm spell has settled the snow from six to 18 inches. If the weather stiffens up now it will be much easier working in the timber than heretofore.

A Brainerd two-year-old is being taught to say "Now I lay me," and has had considerable trouble in getting it straight. His latest version is, "Now I lay me down to sleep, I pray the Lord my soul to take. Keep, not take, darling, if I should die before I wake I pray the Lord my soul to take."

The street force is doing a good work today in opening up the catchbasins unless some precautions are taken there is bound to be trouble with water running into the cellars.

## CONFIRMED PROOF

Residents of Brainerd Cannot Doubt What Has Been Twice Proven

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Brainerd, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Brainerd kidney sufferers.

James Parker, carpenter, of 124 N. E. 2nd ave., Brainerd, Minn., says: "Every winter since I had the grippe I was unable to shake off its effects. My back commenced to pain me across the kidneys with a numb sort of aching which I felt always over the lame spot, even when lying in bed. I was always troubled with headache which I think arose from my kidneys. I got a box of Doan's Kidney Pills and used them. Since then I have been in much better health, have no more attacks of headache, no more backache and I regard it as quite wonderful that any remedy could bring about such a change."

On October 18, 1904, six years after Mr. Parker made the above statement, the testimony was confirmed by Mrs. Parker. She said: "Mr. Parker's statement was true in every particular, and we both feel that Doan's Kidney Pills can be relied upon to cure every form of kidney trouble. We are always glad to advise sufferers to go to H. P. Dunn & Co.'s drug store for Doan's Kidney Pills and give them a trial."

Chance For Elephant Tamers.

In view of the fact that a young African elephant had recently been trained on the Indian model and of the utility of the tamed elephant in India, especially in Burma, where they are used in the teak industry to a very large extent, the chairman and vice chairman of the African trade section of the Liverpool chamber of commerce have announced their intention, says the Rhodesia Herald, of offering a prize of £25 for each of the first ten west African elephants successfully tamed and trained to act as carriers and animals of burden similar to the elephants in Burma.

## APPROPRIATION BILLS

WILL OCCUPY THE ATTENTION OF BOTH HOUSES OF CONGRESS THIS WEEK.

SMOOT WILL RETAIN HIS SEAT

ADMITTED THAT UTAH SENATOR WILL BE SUSTAINED BY A BIG MAJORITY.

Washington, Feb. 18.—Appropriation bills will during the present week continue to command the greater part of the time of both the senate and the house, but they will not be allowed to crowd everything else to the wall in either chamber. The house began the week by passing several bills under suspension of the rules and if the present plan prevails the last two days of the week will be devoted to the ship subsidy bill. In the senate the resolution providing for the expulsion of Senator Smoot will be voted upon at 4 p. m. on Wednesday and there will be considerable debate on the resolution before the vote is reached. Senator Smoot is on the programme for an address in which he is expected to outline his attitude as between the Mormon church and the national government and he will be supported in speeches by Senators Dillingham, Beveridge and Foraker, the latter closing in behalf of Mr. Smoot. The final argument in opposition will be made by Senator Burrows. It is admitted that Senator Smoot will be sustained by a large majority.

At the earliest practicable moment the senate will resume consideration of the agricultural appropriation bill and it is hoped that it may be disposed of by Tuesday, notwithstanding considerable debate is expected on the provision inserted by the committee providing for the leasing of grazing lands and on amendments which will be offered by Senators Beveridge and Hansbrough on the subject of meat inspection.

Beveridge After Beef Barons.

Senator Beveridge will renew his effort to secure the enactment of a law requiring the meat packers to put the date of canning on their packings and to transfer to the packers the cost of inspection, which is now paid by the government.

After devoting some time to bills on the calendar, the house will proceed with its consideration of the postoffice appropriation bill, on which general debate will close at noon Tuesday. It is not probable, however, that the bill will be finally passed before a late hour on Thursday.

The general status of the appropriation bills is the subject of no little anxiety on the part of members of the house, who generally appreciate that they are about a week behind the average time on these measures. Of the fourteen large budgets, eleven have already passed the house and two, the sundry civil and the general deficiency bill, have thus far failed to receive any attention whatever. Only six of the bills have received the sanction of the senate and none has yet been approved by the president.

Both houses regard night sessions as among the strong probabilities for the latter part of this week and all expect to sit almost every night next week. A house session is expected next Sunday if the ship subsidy bill is still undisposed of at that time.

THREE BOYS DROWNED.

Two of Them Perished Trying to Save Their Playmate.

Dixon, Ill., Feb. 18.—John Hilbert, Ralph Schertner and Laurence Nye, boys, broke through the ice and drowned in Rock river. They, with two other lads, the eldest ten years, were playing on the ice when Nye broke through. Hilbert, in a vain attempt to rescue Nye, fell into the icy water. Schertner followed in a like attempt. A fourth boy likewise fell into the water but he was saved by the remaining boy, who lay on the ice and extended his feet into the water as a support. The two survivors went home, but agreed to say nothing about the accident. When the three drowned boys were missed, the survivors told of the drowning and the bodies were recovered.

NEEDED MONEY TO ELOPE.

So Couple Planned to Wreck a Passenger Train.

Binghamton, N. Y., Feb. 18.—L. D. Harrington of Sidney was arrested after being indicted by the Delaware county grand jury on the charge of attempting to wreck an Ontario and Western passenger train on the night of March 5, 1906.

The indictment and arrest followed a sworn statement made by Mrs. Harry Colton, who testified that she and Harrington had planned the wreck so that they could rob the passengers and obtain money to elope to the West.

Niece of James Russell Lowell Dead.

Cincinnati, Feb. 18.—In an old house on the outskirts of Loveland, O., to which she and her aged husband withdrew a year ago, Harriet Lowell Barrett, the favorite niece of James Russell Lowell, the poet, died at the age of eighty years. Her husband, Joseph H. Barrett, lies probably fatally ill in Christ hospital.

## INVITATION

To the great congress of New Spring Dress Goods and Wash Fabrics for 1907 will be open for your admiration and approval on Wednesday, Feb. 20th, from 4 till 10 o'clock in the evening.

Beautiful sheer fabrics, many of which are exclusive with us—materials and designs which must come under your personal observation to fully appreciate their captivating loveliness, it being almost impossible to convey on paper a proper conception of the delicate tints and harmonious color combinations which are their leading characteristics. There is not an undesirable piece in the whole lot and choice will depend upon individual taste. It is unnecessary to expatiate further upon the merits of these fabrics. Most women know from part experience, the qualities and large assortment to be obtained at Cale's, and the low prices will appeal with eloquent force to their better judgment.

This invitation is extended to everybody to come and feast their eyes on our magnificent showing of new Spring Goods.

## FIRST MEETING HELD SUNDAY

Y. M. C. A. Building Re-Opened  
to the Public by Sunday  
Afternoon Lecture

WAS INTERESTING ADDRESS

Alderman Moore, of Duluth,  
Spoke on "Christian Citizen-  
ship" to Good Crowd

The first meeting in the Y. M. C. A. for several months took place Sunday afternoon, Alderman Watson S. Moore, of Duluth, being the speaker. There was a fair attendance but the crowd was slow to gather owing to a change in the hour of meeting from 4 o'clock to 3 o'clock. The time in waiting was taken up in a song service after which W. E. Holmes, the new secretary of the Y. M. C. A., read selections from the scriptures and Rev. E. A. Allin led the prayer.

Rev. Chas. Fox Davis sang a solo, "Just for Today," which was beautifully rendered and much enjoyed by all.

Mr. Holmes made a few remarks concerning the work of the association, saying that he did not come to run the association but to help the members run it, an association which was no larger than its secretary could never succeed. It need not be longer than the present secretary, but ought to be broader. He then introduced Alderman Moore, of Duluth, who spoke on "Christian Citizenship." Mr. Moore is a forcible, pleasing and convincing speaker who enlivens his remarks and drives home his arguments with terse epigrams and bright sallies of wit and humor. He urged fairness in our reform movements and said that while we should condemn the evil in all men and especially in high places we should not fail to give men due credit for the good they did. It was the evil we were after, not the men. The work of reforming should go forward without hatred in the heart for any man. Mr. Moore is an optimist and does not believe the present wave of reform and the present demand for not only honesty but honor in public servants is an indication of increasing corruption, but rather of an enlightened and even increasing public conscience.

He paid a high tribute to President Roosevelt who he said could speak four languages and write them well and could enforce the law in all four of them. He also paid a tribute to Gov. Johnson, but said that he was a politician and no politician should be trusted farther than he could be watched. He also paid a high tribute to Cyrus Northrup, whom he stated he believed to be the greatest man in Minnesota today.

He spoke earnestly in advocating the enforcement of the laws as to Sunday closing and said that the saloons were always on the side of lawlessness and disorder, while the churches were always on the side of order and law. When the church ceased to stand for law and order she ceased to be the church of the living God. The morals of a community, he declared seldom rose above the level of the lives and work of her ministers.

He advocated a high standard of living, which could not be realized without raising the morals of a community.

At the close of his address, which was heartily applauded, Attorney Larson took the floor to talk finances and urged that the audience contribute \$100 to the work of repairs, which has already exceeded the \$2,000 raised by about \$300.

Rev. A. P. Garrett also addressed the meeting regarding the Sunday closing movement and asked all present who had not already signed the petition therefore to do so at once.

The DISPATCH will be delivered at our door for 40 cents per month.

## FOR THREE MONTHS

Mails Will be Weighed Every Day for  
Ninety Days on all Railroads Be-

ginning Tomorrow

Supt. W. H. Strachan, of the Minnesota & International railroad is in receipt of a circular from the post office department stating that all mails carried on this road will be weighed every day for ninety days in order to determine the compensation to be paid for carrying the mails. Heretofore the period over which weighing has continued has been but thirty days but for some reason unknown to Mr. Strachan, the time is extended this year. The amount of mail taken on at each town on the system will be weighed and recorded, as well as the amount delivered to the town. This will also give the department an idea as to the amount of second, third and fourth class mail handled in each town.

## STORE ROBBERED SUNDAY NIGHT

A. E. Moberg's Store Entered  
and Large Amount of Valu-  
able Goods Taken

DOOR PANEL WAS CUT OUT

Little Money Secured, but Check  
Book and Valuable Goods  
Were Taken Away

When Arthur Swanson, the errand boy at A. E. Moberg's store entered the building this morning he discovered that it had been entered during the night and one of the safes opened and the steel treasury box torn out. The contents of the safe were scattered on the floor and the treasury box and its contents were found in the back yard. Luckily there was practically no money in the safe but a check for about \$28 taken in a few days ago was taken. There was another safe in the room in which there was considerable money but it was not molested.

Far the heaviest loss however was from goods stolen. There were 35 silk waists, a number of silk skirts, in fact the entire stock, a number of lace waists, several sets of valuable furs and other goods of value were taken. Mr. Moberg estimates his loss so far as learned to be between \$200 and \$300. His check book was also taken and it is thought that the robbers may try to pass checks in other towns as Mr. Moberg is well known throughout this section and his business card on the checks would give a presumption of regularity to a check drawn on one of the blanks.

The door was entered through the back door, one of the lower panels being cut out. The door was fastened by a Yale lock in the center and a bolt near the top and one near the bottom. The bolts were in place when the robbery was discovered this morning and if the door had been opened it had been re-fastened and the thief or one of the thieves had crawled through the panel. This could be easily done by a good sized man as Mr. Moberg found that he could easily pass through the opening. There is so far no clue to the thieves.

The editor of the Memphis, Tenn., "Times" writes: "In my opinion Foley's Honey and Tar is the best remedy for coughs, colds and lung trouble, and to my own personal knowledge Foley's Honey and Tar has accomplished many permanent cures that have been little short of marvellous." Refuse any but the genuine in the yellow package. H. P. Dunn & Co. mwfdw

They are putting in practically the entire day at the shops.

## FATE OF FRENCH CABINET.

Will Probably Be Determined on  
Tuesday.

Paris, Feb. 18.—The fate of the Clemenceau cabinet and the definite decision whether the settlement of the church lease question negotiated by Minister of Education Briand shall stand will probably be determined Tuesday. On the morning of that day the cabinet will decide its course, and in the afternoon it will go before parliament and define its position. MM. Meunier and Guieysse, the Radical Republican deputies, have consented to postpone their interpellations until the cabinet has had an opportunity to compose its differences and meantime the negotiations between M. Selves, prefect of the Seine, and Monsignore Amette, archbishop coadjutor of Paris, on the subject of contracts for the lease of churches, will be suspended.

It is certain in advance that if M. Briand is beaten in the cabinet Tuesday he not only will retire, but will appeal from the decision of the cabinet to the chamber of deputies and that the issue will be fought out upon the floor in a battle royal between the premier and his young lieutenant, whose speeches in favor of a liberal interpretation of the separation law have been repeatedly ordered placarded through the country.

It is a curious fact that while the government is hesitating, scores of communes disregarding the instructions and advice of the government, are concluding contracts between mayors and cures.

The word "Jew," strictly speaking, means a member of the tribe of Judah.

## BRainerd TWENTY YEARS AGO

Dispatch Files of Twenty Years  
Ago this Week.

Monday was a soft day.

THE DISPATCH published the tax lists of Itasca, Cass and Crow Wing counties.

On account of the ready print being snowed in at Clear Lake for 24 hours the paper is one day late this week.

The Northern Pacific is building an iron car from which light and heat are to be supplied to the rest of the train.

An exchange says that Mrs. M. C. Benson, of Brainerd, is one of the heirs of the property left by her brother, Dr. G. Courtney, of Pittsburgh, Penn. Mrs. B. intends leaving for the east soon and will take her daughter Lulu with her.

Invitations have been issued for the wedding of Miss Daisy Paine, of this city and David B. Shontz, of Correctionville, Iowa. The ceremony will take place at the residence of the bride's parents, Mr. and Mrs. Wm. Paine, on the evening of February 28th.

The trains on the Northern Pacific railroad were recently detained between Willows and Alkali, Ore., by a sandstorm. The wind blew so hard that the locomotive headlight and lights in the lanterns carried by train hands were extinguished, and the sand drifted on the track faster than it could be shoveled off. The only way trains were got through was by shoveling the sand from the track and pushing ahead foot by foot, the sand closing in behind the cars as fast as they were moved on.

Commissioner Gardner has been confined to the house by sickness for two or three days.

It is rumored that W. D. McKay will try his hand at political tricks the coming election. He would like to serve the second ward people in the council.

D. Doran announces his candidacy for aldermanic honors in this issue. Mr. Doran has served the people of the Fourth ward faithfully during the past two years and we do not doubt that he will render service fully as satisfactorily if re-elected.

A temporary organization was effected of the Y. M. C. A. in Brainerd.

The injunction which has been asked against bonding the city for the bridge (or dam) was dissolved by Judge Mills of Moorhead.

## FOR STOMACH SUFFERERS.

Don't Use Any Remedy That Keeps Its  
Formula a Secret.

People who are troubled with stomach weakness cannot afford to use any remedy unless they know what it contains.

Mi-o-na is not a mere digestive giving only temporary relief, but a specific for all disorders of the digestive organs, and so effects a permanent cure for stomach troubles.

Your physician will tell you that nothing is better than a combination of chemically pure bismuth subgallate to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bicarbonate, which neutralizes the poisonous acids that are present in stomach troubles; and nux vomica, which will restore vigor to the digestive organs and tone the whole nervous system.

This combination is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system and cure all forms of stomach disorders, that H. P. Dunn & Co. sell the remedy under a guarantee to refund the money unless it cures.

If you suffer from indigestion, distress after eating, specks before the eyes, headaches, pains in the back and side, emaciation, bloating, nervousness, sleeplessness, or any of the other symptoms of stomach troubles, begin the use of Mi-o-na stomach tablets at once. H. P. Dunn & Co. sell them in 50c boxes with a guarantee to refund money unless they cure.

A tissue builder, reconstructor, builds up waste force, makes strong nerves and muscle. You will realize after taking Hollister's Rocky Mountain Tea what a wonderful benefit it will do you, 35 cents, tea or tablets. H. P. Dunn & Co.

## ANTI RACE SUICIDE CLUB.

"Marry or Get Out"—Inducements Offered by Membership.

Little Creek (Del.) men who have refused to be beguiled into marriage by the smiles of pretty women have formed a club with Thomas E. McDaniel, president; John Dillaha, secretary; John Argo, assistant secretary, and William H. Davis, treasurer, says a special dispatch from Leipsic, Del., to the Philadelphia Press.

Drawings are to be held within a few weeks, and the one drawing No. 1 must marry within a year or get out. No. 2 will have two years to do one or the other. The man failing must not only get out, but must treat the entire membership to an oyster banquet, while the fellow who obeys the mandate will receive a bedroom set as the club's wedding gift.

The admission fee is \$10, the monthly dues \$1, and the organization is determined to break up race suicide if possible.

## AMUSEMENTS

### Beach & Bowers Minstrels

For this the fourteenth season of Beach & Bowers minstrels, every degree of theatrical representation has been made to excel. The grand choruses, gorgeous costumes, spectacular scenic and electrical effects, so greatly enjoyed last season; the large company of superior minstrel talent, costumed in garments of almost bewildering beauty, is stronger and more brilliantly arrayed, and additional accessories have been provided. Nothing more minstrelsy complete will be seen this season, and it is of pleasant record that last years success is being surpassed. The management of the company takes pleasure in bringing to your notice the old time favorite, so long connected with "West's Minstrels," Geo. L. Wade. Beach & Bowers will appear at the opera house on Wednesday, Feb. 20.

To lighten is to make light. To lighten the trials of baking day, use Hunt's Perfect Baking Powder.

### DEMONSTRATION BY HUNT'S

Big Anti-Clerical Parade in the Italian Capital.

Rome, Feb. 18.—Fifteen thousand persons, among them 150 red-shirted Garibaldians, with 120 flags and twenty bands of music, participated in an anti-clerical demonstration in favor of France. The procession crossed the city and went to the monument of Giordano Bruno, the Italian philosopher who was burned at the stake by order of the Inquisition, where thirty wreaths were deposited. Afterwards the marchers went to the capitol and despite their being prohibited doing so entered the balcony of Michael Angelo, overlooking the hill and planted the red Republican flag, and amid enthusiastic cheering Republican and Socialist deputies delivered violent anti-clerical speeches.

The government took energetic measures to avoid trouble. The whole garrison was under arms and all the streets leading to the vatican were barred by troops.

Similar manifestations took place in all the leading Italian towns.

### Mortgage Foreclosure Sale.

Whereas, default has been made in the conditions of a Mortgage, executed and delivered by Carrie P. Hill mortgagor, to The Dixon Land Company, mortgagee, dated June 14th, 1905, and recorded in the Registry of Deeds of Crow Wing county, Minnesota, on July 7th, 1906, at \$1,000 & M. in book 2 of Mortgages, on page 256 on which there is claimed to be past due, at the date of this notice \$100 with interest at 6 per cent per annum since June 14 1905 and the mortgagee elects to consider the whole due, secured by said mortgage due as it is authorized to do by the terms of said mortgage, and there is therefore now due \$300 with interest at 6 per cent per annum, since June 14th, 1905 and no action of proceeding has been instituted to recover the debt secured by said mortgage or any part thereof.

Now, Therefore, Notice is Hereby Given, that under a power of sale contained in said mortgage, and the statute in such case provided, said mortgage will be foreclosed by sale of the mortgaged premises by the Sheriff of said Crow Wing county, at public auction, to the highest bidder for cash, at the front door of the county court house, in the city of Brainerd, Crow Wing county, Minnesota, on the 5th day of March, 1907, at ten o'clock in the forenoon, to satisfy said mortgage, and costs and expenses of sale, including \$25 attorney's fees, as stipulated in said mortgage.

The premises described in said mortgage, and so to be sold, are situated in Crow Wing county, Minnesota, and described as follows, to-wit: The southwest quarter of the northwest quarter and a parcel of land described as follows, viz: Beginning at the southeast corner of lot four (4), from thence running north to the shore of Serpentine lake, thence along the shore of said lake in a southwesterly direction far enough so that a line projected south to the south line of lot four (4) and from thence east on said south line of said lot four (4) to the place of beginning will contain three (3) acres all in section thirteen (13) township forty-six (46) range twenty-nine (29) and containing forty-three (43) acres more or less.

# Nursing Mothers and Over-burdened Women

In all stations of life, whose vigor and vitality may have been undermined and broken-down by overwork, exacting social duties, the too frequent bearing of children, or other causes, will find in

## DR. PIERCE'S FAVORITE PRESCRIPTION

the most potent, invigorating, restorative, strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and to render the ordeal comparatively easy and painless.

It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable, pelvic catarrhal drain, ulceration, prolapsus, anteversion, retroversion, or other displacements of womanly organs from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and, generally, a permanent cure, by using faithfully and fairly persistently Dr. Pierce's Favorite Prescription.

This world-famed specific for woman's weaknesses and peculiar ailments is a pure glyceric extract of the choicest native, medicinal roots without a drop of alcohol in its make-up. All its ingredients are printed in plain English on its bottle-wrapper and attested under oath. Dr. Pierce thus invites the

fullest investigation of his formula knowing that it will be found to contain only the best agents known to the most advanced medical science of all the different schools of practice for the cure of all woman's peculiar weaknesses and ailments.

Dr. Pierce's Lotion Tablets and Antiseptic Suppositories may also be used with great advantage conjointly with the use of the "Favorite Prescription" in all cases of ulceration, and in pelvic catarrh. They cost only 25 cents a box each, at drug stores or, sent by mail, post-paid on receipt of price in stamps by Dr. Pierce whose address is given below.

If you want to know more about the composition and professional endorsement of the "Favorite Prescription," send postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for his free booklet treating of same.

You can't afford to accept as a substitute for this remedy of known composition a secret nostrum of unknown composition. Don't do it.

## ENDED BY MRS. THAW

MOTHER OF NOTED PRISONER SETTLES QUARREL BETWEEN HIS ATTORNEYS.

DELMAS REMAINS IN CHARGE

CALIFORNIA LAWYER WILL CONTINUE TO BE LEADING COUNSEL FOR DEFENSE.

New York, Feb. 18.—Stories as to probable changes in counsel in charge of the defense of Harry Thaw continue to circulate, but until the trial is resumed in court it will be impossible to say whether or not D. M. Delmas will still act in that capacity. Rumors of dissension among the six attorneys who have sat at the table assigned to the defense since the trial began have frequently cropped up during the past few days, and were as often denied. There is no doubt, however, that there has been serious disagreement of some sort and that Mr. Delmas has found some fault with the alleged actions of his associate counsel.

The trouble, according to a story current, arose over the publication of an alleged interview with Attorney McPike, partner of Mr. Delmas, in which Mr. McPike was quoted as criticizing District Attorney Jerome Messers, Hartridge, O'Riley, Gleason and Peabody, also counsel for Thaw, are said to have seriously taken Mr. McPike to task for the remarks credited to him and Mr. McPike vigorously denied the alleged interview. In this denial he is said to have been supported by his partner, Mr. Delmas.

Delmas Criticized His Associates.

On Saturday there was a five-hour conference of all the counsel for Thaw at Mr. Delmas' office and at this meeting, it is said, Mr. Delmas took occasion to criticize severely the lack of support upon the part of his associates. He declared, it is said, that they had done everything to discredit him and to make him appear ridiculous, and that, although he had been nominally in charge of the case in court since the second day of the trial, he had in fact been nothing of the sort. As an illustration of this alleged desire to confuse him, he declared he knew nothing of Thaw's will and letters until they were handed to him as he was questioning a witness in court.

There seems little chance that the present situation in the Thaw case will result in a mistrial. It is said that Juror Joseph B. Bolton, whose wife died last week and was buried Saturday, has stated that he is willing and able to go on with the trial. So long as he is willing to state that his grief will not prevent his giving proper attention to the proceedings there is no way in which he can be excused. Mr. Bolton is reported to have told Justice Fitzgerald that he considers his duties as a citizen to outweigh all personal considerations, but that he is willing to lay aside his grief and continue to serve the state so long as he is needed.

Late at night it was stated that through the intercession of Mrs. William Thaw, mother of Harry K. Thaw, the dissension between counsel, which threatened the disruption of the forces of the defense, has ceased, and D. M. Delmas, the California lawyer, will continue as the principal in the examination of witnesses, and, when the evidence is all in, make the closing plea for the defense. It was added that Mr. Delmas' law partner, Henry T. McPike, would not figure actively in the future court proceedings.

YOUNG GIRL MURDERED.

Body Found in a Lagoon in a Chicago Park.

Chicago, Feb. 18.—The body of Mary Foley, an eighteen-year-old girl, who disappeared from her home here nearly four months ago, was found in a lagoon in a South Side park. Marks upon the throat lead the police to believe that the girl was murdered and search is being made for an Italian who is said to have been seen in the girl's company about the time she left home.

BRITISH STEAMER SUNK.

Her Captain and Thirteen Other Persons Drowned.

Cardiff, Feb. 18.—The British steamer Heliopolis collided Saturday midnight with the British steamer Orianda, outward bound from Penarth.

The Orianda sank and fourteen persons, including her captain, were drowned.

The Heliopolis put into this port with her bows damaged.

Killed by Passenger Train.

Adrian, Mich., Feb. 18.—Mrs. Mary Hinkley, aged sixty-nine, was instantly killed; Warren Stamp, aged twenty-eight, was fatally injured, and Miss Ida Hinkley, aged twenty-four, was seriously hurt when the buggy in which they were riding was struck by an eastbound Wabash passenger train.

BLACK HAND MURDER. Unknown Italian Lured to a Lonely Spot and Slain.

Philadelphia, Feb. 18.—Thoroughly convinced that the murder of an unknown Italian under unusual circumstances late Saturday night near Glenside, a suburb, was the result of a "Black Hand" plot, the police authorities in this city have been asked by the officials of Montgomery county, in which county the murder occurred, to help run down the murderers. The Italian was inveigled to a lonely spot near Glenside, where there is an Italian settlement. There he was set upon and shot many times. His body was then hacked and cut.

The murdered man, whose clothing was of good texture and whose general appearance was not that of a laborer, together with seven other men, boarded a trolley car at Germantown, a suburb. These men are believed to have planned his death. The eight men left the car and started toward the Italian settlement in Edgemoor, near Glenside, when one Rollo, a watchman on the Philadelphia and Reading railroad, saw the seven men jump upon the murdered man. A number of shots were fired and the unknown man struggled with his assailants until his coat was torn from his body. The murderers fled.

Representative Italians in this city and at Edgemoor could not identify the murdered man and apparently none had ever seen him. The police believe he was a stranger to the city and that he came from the coal regions and was one of those who gave information which led to the rounding up of the "Black Hand" members near Wilkesbarre, Pa.

WOMAN BEATEN TO DEATH.

Husband Arrested on Suspicion of Having Committed the Crime.

New York, Feb. 18.—Mrs. Thomson Flynn, wife of a watchman, was strangled and beaten to death in their tenement home. A policeman found the body stretched across a bed. The woman's head was covered with blood. By her body lay a weeping infant, its arms clasped about the mother's neck.

The husband was found in an adjoining room and arrested. To the police he said that returning from work he discovered Charles Hayes, formerly a boarder in the family, at his home. They quarreled and came to blows. Later Flynn went to sleep and knew nothing more of what happened in the house until he was awakened by the officers.

Eulogies on Representative Hitt.

Washington, Feb. 18.—The house was in session for an hour and a half, hearing eulogies of the late Representative Hitt of Illinois. Addresses were delivered by Messrs. Lowden, Foss and Fuller of Illinois, Clark of Missouri, Cousins and Lacey of Iowa, Lamar of Florida, Payne of New York and Dalzell of Pennsylvania.

Spotted Fever at Belfast.

London, Feb. 18.—Owing to the alarming mortality from spotted fever at Belfast and the generally high death rate owing, it is alleged, to unsanitary conditions in many parts of that city, the government has adopted the unusual course of appointing a royal commission to inquire into the situation.

FRENCH OFFICIAL A TRAITOR.

Said to Have Given Information to the Vatican.

Paris, Feb. 18.—There are persistent rumors in circulation of the discovery of treasonable practices carried on by an important official of the foreign office, who is alleged to have communicated to the Vatican the contents of diplomatic documents emanating from French ambassadors to foreign countries. This official is said to have been peremptorily discharged.

Inquiry indicates that the disclosures had their origin in documents seized at the papal nunciature some time ago. An investigation of the rumors in official quarters has not resulted in their official confirmation, but it was declared there that if treason had been committed the fact would have been made public in the course of the trial of the three Paris cures who were implicated with the papal nuncio before his expulsion.

BIG PARADE IN CHICAGO.

Anarchists, Socialists and Trade Unionists in Line.

Chicago, Feb. 18.—Several hundred anarchists, socialists and trade unionists paraded the streets here, carrying red flags and banners, to mark the anniversary of the arrest and deportation from Colorado of Charles H. Moyer, William Haywood and George A. Pettibone, officials of the Western Federation of Miners, accused of complicity in the murder of Former Governor Steunenberg of Idaho. The parade was followed by a mass meeting where fiery speeches in English and German were made in denunciation of capitalists. The decision of the federal supreme court, which upheld the acts of the Idaho authorities in holding the accused men for trial, was declared by speakers to be a second Dred Scott decision, and it was predicted that it would bring about similar results. Lucy Parsons, widow of one of the anarchists hanged for participation in the Haymarket riot, was present and attempted to harangue the audience, but her voice was drowned in the noise and shouting. John M. O'Neill of Denver, editor of the official journal of the Miners' organization, was one of the speakers. A collection for the defense fund netted \$120.15.

## The Health of Mind and Body

The mind is dependent on the brain, and the brain in turn is a bundle of nerve cells, which are nourished and sustained by pure, rich blood. Hence, the absolute necessity of supplying the elements from which the blood is made.

These elements of Nature which go to form new rich blood and revitalize wasted and depleted nerve cells are found in splendid proportions in Dr. A. W. Chase's Nerve Pills.

By using this great prescription you supply the material substances from which are formed brain and nerve force. It may take weeks or even months thoroughly to restore your health with Dr. A. W. Chase's Nerve Pills, but you can be absolutely certain that every dose of this great restorative is at least of some benefit to you.

The healthful complexions, the well rounded forms, the energy and elasticity of movement characteristic of persons who have used Dr. A. W. Chase's Nerve Pills are the strongest evidence of their wonderful restorative influence. 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
